Εάν αποσυνθέσεις την Ελλάδα,
στο τέλος θα δεις να σου απομένουν

**If you try to brake down Greece into its elements,
In the end you will be left with
an olive tree, a vine and a ship**

Meaning that you can reconstruct it with the same.

Odysseas Elytis Nobel of literature 1979

Wine is connected to both the roots and history of Greece.

The first brand name worldwide is a greek idea
and it's the "wine of Thassos".

Thassos is the nearest greek island from our school just 40 km.

Wine is food but its being used for:

- healing purposes
- religious purposes
- as a symbol of peace

The selected biological grape of Apostolides' family in Thrace at the borders of river Nestos, produce the following varieties:

-Syrah

-Merlot

-Chardonnay

-Sauvignon blanc

and the hellenic "Agiorgitiko, Assurtiko, Malagouzia"

Until our wine becomes ready we have chosen their wine, we bottled it so as to offer it to our friends.
